**Monthly Status Report – February 2015**  
**Removal Action – Preconstruction Work**  
**West Lake Landfill Superfund Site**  
**Bridgeton, Missouri**

This status report has been prepared by Engineering Management Support Inc. (EMSI) on behalf of Bridgeton Landfill, LLC, and Rock Road Industries, Inc. for the Removal Action – Preconstruction Work at the West Lake Landfill Superfund Site as required by paragraph 34a of the Administrative Settlement Agreement and Order on Consent (ASAOC), EPA Docket No. CERCLA-07-2014-0002. The ASAOC was signed and became effective on April 16, 2014. EPA approved the Work Plan for Removal Action Preconstruction Work on July 1, 2014.

**1. Actions Undertaken During February 2015**

Project Planning

EPA approved the revised Work Plan for Removal Action Preconstruction Work on July 1, 2014. Revised pages addressing outstanding comments identified in EPA's approval letter were prepared and submitted to EPA on July 31, 2014.

EPA approved the final air monitoring plan on December 8, 2014.

Fieldwork - Sample Collection/Analysis

With receipt of EPA approval of the air monitoring plan, work was initiated towards installation of the air monitoring equipment. During February, work was performed relative to extending electrical service to each of the air monitoring stations.

Report Preparation

The Waste Relocation Area Evaluation was performed and a report presenting the results of the evaluations was prepared and submitted to EPA on July 31, 2014. The updated Bird Monitoring and Mitigation Plan, approved by the Airport on June 30, 2014 was transmitted to EPA along with the Airport's approval on July 2, 2014. We are awaiting EPA comments on these documents.

Project Management

The monthly report for January 2015 was prepared and submitted to EPA on February 10, 2015.

### Meetings

None.

### Correspondence

None.

## **2. Analytical Data Collected During This Reporting Period**

None.

## **3. Work Scheduled to be Performed during March 2015**

Work related to installation of the air monitoring stations will continue including installation of electrical service lines and related equipment.

Respond to any comments that may be received from EPA on the other submittals (e.g., Waste Relocation Area Evaluation and Bird Monitoring and Mitigation Plan).

## **4. Problems Encountered or Anticipated and Planned Resolutions**

No problems have been encountered or identified.
